

Uriel Lizama

Chalma #148 Cuernavaca, Morelos, Mexico (+52 777) 3720735 email: uriel@baboonsoftware.com

SUMMARY OF QUALIFICATIONS

A young and skilled professional Perl developer. Proven efficiency in finding creative solutions to problems which defeated other colleagues. Consulted by peers in many occasions. Extremely fast learner, self-taught, overcame native country limitations for higher education in newer technologies. Intelligent, articulate, a leader and a team player, driven to excellence in performance.

ACCOMPLISHMENTS

- ✳ Active in the worldwide Perl community through personal website "Perl en Español" (<http://perlenespanol.baboonsoftware.com>), the most popular website on Perl in Spanish.
- ✳ Created acclaimed tutorials for fellow Perl developers.
- ✳ Thesis consultant for college graduates in System Administrations.
- ✳ Imparted multiple online Perl trainings.

PROFESSIONAL EXPERIENCE

As free-lancer

✓ Perl Webinar, Training

Oct '07 - Present

<http://perlenespanol.baboonsoftware.com/webinar/>

Have imparted several webinars on Perl basics using Webex. The webinar is a 6 hour course on the basics of Perl, using a PowerPoint presentation and audio to explain the topics. At the end of each topic the students make live exercises on the topic just learned.

✓ Perl en Español, Personal

May '02 – Present

<http://perlenespanol.baboonsoftware.com/>

What once started as the place where to publish some of my tutorials and articles quickly grow to be one of the most important websites on the Perl's Hispanic community.

✓ Web Swingers Mexico, Perl Developer

<http://swingersmexico.com.mx/>

Dec '07 – Feb '08

Designed and developed an internal messaging and profile web application. The application was developed using CGI::Application as the framework and using MySQL as the database system. The application has features as: user accounts with session management, web messaging, image upload a gallery creation, video upload and an administration panel.

✓ **Exnem's Sims, Consultant**

<http://exnemsims.com/>

Jan '07

Made the migration from a phpBB forum to VBulletin. Developed a Perl and MySQL application to track user downloads and make reports based on them. Integrated a payment gateway to sell online subscriptions.

✓ **Phantom EZ Form, Personal**

Aug '06

<http://phantomezform.baboonsoftware.com/>

Created a desktop application with Perl and using Microweb for the executable. This application takes you step by step through the creation of a webform, and finally installs it using FTP on any website.

✓ **Blogovideos, Personal**

Jul '06

<http://blogovideos.com/>

Launched a video blog website to which I designed an application to create video topics. The application was able to search for related videos on sites like YouTube, Google Video, Metacafe, and download the video thumbnails to display on the website. The application made heavy use of AJAX.

✓ **Online Tutorial, Training**

Jul '06

Imparted an online tutorial through IRC about Perl basics. Transcript:

<http://cafe.pm.org/documentos/basic.perlenespanol.html>

✓ **Medcross, Perl Development**

Jan '06 – Feb '06

Designed a Perl application to handle appointments on surgeons around Mexico. This application was for a insurance company that needed to keep track of all the doctors appointments enrolled to them so they could schedule appointments for their own clients.

✓ **Autosubmitter, Perl Development**

Nov '05

Designed a Perl application that made automatic submissions of web pages to the major search engines. The application had an administration panel were you added the page url you wanted to submit, selected the search engines to submit it to, and selected a schedule based on *cronjob* to do the task.

✓ **144000.net, Perl Developer**

<http://144000.net/corazon/>

Oct '05

Designed and developed a live webchat system using Perl and JavaScript for the client side.

✓ **144000.net, Perl Developer**

<http://144000.net/ttt/>

Jul' 05

Designed and developed a search mechanism for a book. The application made the searches using flat text files with indexes and could make multiple words search, automatic exclusion of common words, exact phrase search and negative terms to exclude search results.

TECHNICAL SKILLS

- **Perl:** Expert, 6 years experience
- **MySQL:** Advanced, 6 years experience
- **PHP:** Intermediate, 1 year experience
- **AJAX:** Intermediate, 3 years experience
- **JavaScript:** Intermediate, 5 years experience
- **HTML:** Advanced, 6 years experience
- **CSS:** Advanced, 4 years experience

WEB PUBLICATIONS

Have written tenths of tutorials and articles on Perl in Spanish. All of the have been published at the Perl en Español website. Some of them are:

- **Variables de Perl – Detrás de las Cortinas**
<http://perlenespanol.baboonsoftware.com/articulos/archivo/000152.html> *An article on Perl internals. A quick look on exactly how Perl variables work on the inside.*
- **Creando aplicaciones web con CGI::Application**
http://perlenespanol.baboonsoftware.com/tutoriales/cgi/creando_aplicaciones_web_con_c.html *A tutorial that teaches how to use CGI::Application as the framework for CGI applications*
- **Introducción a HTML::Template**
http://perlenespanol.baboonsoftware.com/tutoriales/modulos/introduccion_a_htmltemplate.html *A quick introduction to Perl templates with HTML::Template.*
- **Creando un robot que navega en internet**
http://perlenespanol.baboonsoftware.com/tutoriales/windows/creando_un_robot_que_navega_en_internet.html *A tutorial that inspects on Perl automation. This tutorial showcases how you can control Windows' Internet Explorer using SAMIE and WIN32::OLE.*
- **Jugando con tie y hashes**
http://perlenespanol.baboonsoftware.com/tutoriales/funciones/jugando_con_tie_y_hashes.html *A tutorial that shows how you can modify the way hashes behave on Perl using Tie::Hash.*

EDUCATION

ESSLEMONT SCHOOL Tepoztlan, Morelos, Mexico. Junior High 1997-1999

COLEGIO MORELOS Cuernavaca, Morelos, Mexico. High School Education 2000-2002
